FIRST AID

[illegible]

IF IN EYES: [illegible]

PHYSICAL OR CHEMICAL HAZARD: [illegible] pressure [illegible] Do not puncture or incinerate. Contents exposed to temperatures above [illegible] may cause rupture.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is not for use on medical device surfaces.

This product has been designed for use by hair stylists, barbers, beauticians, veterinarians and animal groomers for use in pre-cleaning, disinfecting, and maintaining clippers. It acts as a virucidal*, bactericide and fungicide while also cooling, lubricating and providing protection against rust. Regular use will help to maintain clean blades that operate with reduced friction and with smoother clipping action. Will help to prolong equipment life. This product is designed for use in pet salons, animal hospitals, barber and beauty shops. When used as directed it will disinfect metal clipper blades. This product demonstrates effective disinfection on pre-cleaned hard non-porous inanimate surfaces against bacteria: Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa and fungi: Trichophyton mentagrophytes (Athlete's Foot Fungus). *Virucidal: Influenza A virus/Hong Kong, Influenza B virus/Hong Kong, Herpes Simplex Virus Type 1, Herpes Simplex Virus Type 2 and Canine Distemper Virus.

CLEANING PROCEDURE: Prior to disinfection, (1) Shake well before using. (2) With the clipper turned off, spray the clipper blades, wetting the entire blade surface including between teeth of blades until hair or other organic soil is removed.

TO DISINFECT GROOMING CLIPPERS PRIOR TO EACH USE: (1) Shake well before using. (2) With the clipper turned off, first pre-clean clipper blades with this product as directed above or by usual cleaning methods to remove hair and other organic soil. (3) Hold can 5 inches from blades. Spray entire blade surface including between teeth of blades until wet. Keep surface wet for 10 minutes. (4) Allow to air dry. Between disinfectant applications, spray clippers with this product to spray away hair, dandruff and dust particles while cooling and lubricating the blades.

STORAGE: Store in a cool area away from heat or open flame.
DISPOSAL: Do Not Puncture or Incinerate! IF EMPTY: Place in trash or offer for recycling if available.
IF PARTILLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
