**Vine Control:** When treating vines such as poison oak, poison ivy, etc. that grow on or around desirable plants, do not allow spray to contact desirable vegetation. Cut the vine first and treat as directed for stump treatment.

**Warranty Disclaimer:** Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

**Inherent Risks of Use:** It is impossible to eliminate all risks associated with use of this product. Plant injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions (including conditions noted on the label, such as unfavorable temperature, soil conditions, etc.), abnormal conditions (such as excessive rainfall, drought, tornadoes, hurricanes), presence of other materials, the manner of application, or other factors, all of which are beyond the control of Seller. All such risks shall be assumed by Buyer.

**Limitation of Remedies:** The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to, at Seller's election, one of the following:

1. Refund of purchase price paid by buyer or user for product bought, or
2. Replacement of amount of product used.

Seller shall not be liable for losses or damages resulting from handling or use of this product unless Seller is promptly notified of such loss or damage in writing. In no case shall Seller be liable for consequential or incidental damages or losses. The terms of the "Warranty Disclaimer" above and this "Limitation of Remedies" cannot be varied by any written or verbal statements or agreements. No employee or sales agent of the Seller or the seller is authorized to vary

**Perennial Broadleaf Weeds Controlled Include:**

Smartweed	Field Bindweed	Bindweed
Spurge	Field Horsetail Rush	Burdock
Tansy Ragwort	Henbit	Canada Thistle
Vetch	Lambquarter	Chicory
Wild Lettuce	Oxalis	Clover
Wild Violet	Plantain	Curly Dock
	Ragweed	Dandelion

**Application Directions**  
When brush and weeds are fully leafed out and actively growing, Wilted or other symptoms will occur in 1-6 weeks. Apply only when the air is calm to prevent drift to desirable vegetation. Rainfall within 24 hours may reduce effectiveness.

**Foliage Spray:** Using a hose-end or tank sprayer, mix 8-16 tablespoons (4-8 fl. oz.) in enough water to make one gallon mixed spray. For mature or hard-to-control plants (such as ash, blackgum, choke cherry, elm, maple, oak, pine or winged elm), or during drought conditions, use the highest rate of application indicated. Resprouting may occur the year following treatment when lower rates are used. The addition of a surfactant (spreader/sticker) enhances herbicidal action and improves distribution of the spray on hard-to-wet plant surfaces. Apply at the rate of one gallon mixed spray to approximately 500 square feet of area. Coverage may vary depending on the amount of foliage to be treated. Using coarse spray pattern and low pressure, apply as thorough foliage spray to wet all leaves. See "Use Precautions".

**Stump Treatment:** To kill stumps and prevent sprouting, apply the undiluted product with a paint brush or backpack sprayer to completely cover the freshly cut surface. Do not reuse paint brush. Wrap in several layers of newspaper and discard in trash.

**Woody Plants and Vines Controlled Include:**

- Alder
- Arkansas Rose
- Arrowwood
- Ash
- Aspen
- Beech
- Birch
- Blackberry
- Blackgum
- Box Elder
- Brazilian Pepper
- California Rose
- Cascara
- Ceanothus
- Cherry
- Chinquapin
- Choke Cherry
- Cottonwood
- Crataegus (Hawthorn)
- Douglas Fir
- Dogwood
- Elderberry
- Elm
- Hazel
- Honeysuckle

**ENFORCER®  
BRUSH KILLER Concentrate  
Directions for Use**

PEEL OPEN for application directions and precautionary statements

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE USING.**

Read entire label before use. Use strictly in accordance with label precautionary statements and directions.

**General Information**

Enforcer Brush Killer Concentrate is recommended for the control of unwanted woody plants, vines and broadleaf weeds around homes, cabins, buildings, trails, fences, walkways, rights-of-way and other non-crop areas.

**General Use Precautions:** Do not apply this product directly to, or allow to drift to grapes, vegetable crops, flowers, ornamentals or other desirable foliage. Applications should be made when wind is low and there is little chance of spray drift. Do not spray when the wind is blowing toward desirable plants. Do not apply with nozzles that produce a fine-droplet spray. Measuring utensils and spray equipment should not be reused for purposes other than herbicide application. Do not use on or around edible food or food crops. Do not graze treated areas.

**STORAGE AND DISPOSAL**

**Storage:** Store product in original container and keep out of reach of children. Store in a cool, dry place. Avoid contamination of food and foodstuffs.

**Container Disposal:** Do not reuse container. Rinse container thoroughly before discarding in trash. Securely wrap container in several layers of newspaper and discard in trash.

**Precautionary Statements**

**Hazards To Humans And Domestic Animals**  
**KEEP OUT OF REACH OF CHILDREN**

**CAUTION: Causes Eye Irritation • Harmful If Swallowed, Inhaled Or Absorbed Through The Skin**

Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Do not allow children or pets onto treated areas until sprays have dried. Remove contaminated clothing and wash before reuse.

**First Aid**

**If In Eyes:** Immediately flush eyes with plenty of water for 15 minutes. Call a physician if irritation persists. **If On Skin:** Remove contaminated clothing and wash skin with soap and water. If irritation continues, get medical attention. **If Swallowed:** Call a physician. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

**Environmental Hazards**

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.
