Protects Your Lawn
and Garden

- 100% Natural
- Easy to Use
- Cost Effective

Nash Products—the leader in
mole-control products since 1894.

Net Contents

32 FL. OZ. (1 Qt.) 946 mL

Success in repelling moles depends on many factors, including rainfall and mole behavior patterns. For best results, the use of both repellent and mechanical traps is recommended.

Natural. Made of 100% natural and biodegradable ingredients.

Easy. The specially designed nozzle provides just the right mixture of Nash Mole Repellent and water. It's simple.

Cost Effective. One bottle of Nash Mole Repellent will spray a lawn or garden of up to 10,000 square feet. Use only what you need, then save the rest.

DIRECTIONS:

- Shake well before using
- Attach garden hose & turn lever to "on" position
- Turn on water; spray evenly & thoroughly across mole-infested or desired area
- Switch lever to "water" position & repeat spraying process
- Sprays a more even application at 65°F or above
- Rinse & recycle container when empty

Model No. MR-1

- Keep product away from children
- Store in original container in a dry, cool place
- Do not apply directly to water
