DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To use this product, apply it only as specified on the label.

1. OPEN

BEFORE YOU FOG •

1. Remove/cover exposed foods, dishes, utensils, food-processing equipment and surfaces. REMOVE pets and birds and turn off all electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Apply this product only as specified on this label.

2. REMOVE

UNIT TO BE FOGGED OR TREATED

DO NOT use in small, enclosed spaces such as closets and under counter tops or tables. Bag any fumes or parts the product is sprayed on and dispose of properly. Do NOT use in areas less than 3 ft x 3 ft or smaller. Instead, allow entry from other rooms.

Turn off all pilot lights such as stove, oven, etc., and all electric appliances that turn on and off (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Apply this product only as specified on the label.

General Precautions and Restrictions

Do not apply the product in areas you will be entering yourself or on other people or pets. Remove all people and pets from the area before fogging. Do not allow adults, children or pets to enter the treated area until all residue has dissipated and the area has been thoroughly ventilated. Keep any water bodies (such as ponds, fountains, ornamental fish ponds) away from the area during treatment. Do not apply to or near aquatic or marshy areas that connect with water bodies. Foggers are designed to apply a fine mist to the area. Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or plastic sheeting. DO NOT use in greenhouses where plants are grown for food. Exit area immediately and remain outside the treated area until the area is thoroughly ventilated and any odors, vapors or mist have dissipated.

After Two Hours, After Application: Once all layers of newspaper or plastic have dried, open all doors and windows and turn off all electrical appliances that cycle on and off (e.g., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights. Apply this product only as specified on the label.
