Fight In One Flea & Tick Spray
For Small Animals

To control fleas and ticks on hamsters, gerbils, rabbits, guinea pigs and mice.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS
CAUTION: Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin. Wash contaminated skin with soap and water. Avoid spraying food and foodstuffs.

HAZARDS TO DOMESTIC ANIMALS
CAUTION: Remove birds and cover fish aquariums before spraying.

DIRECTIONS FOR USE It is a violation of Federal law to use this product inconsistent with its labeling.

SHAKE WELL BEFORE USE

Remove animal from cage. Hold bottle upright and point nozzle opening in desired direction of spray. Spray the animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under body. While spraying, fluff the hair so that spray will penetrate to the skin. Make sure spray wets thoroughly. Do not spray into eyes or face. Allow pet to dry before returning it to cage. As pet dries, keep it in a warm area to prevent it from getting chilled. Repeat as necessary.

STORAGE Store in a cool dry area away from heat or open flame.

DISPOSAL: If empty: Do not reuse container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Buyer assumes all risks of use, storage and handling of this material, not in strict accordance with directions given herewith.

FIRST AID

If swallowed

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If on skin or clothing

- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If in eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If inhaled

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling Poison Control Center or doctor or going for treatment. For emergency information, call (800) 845-5154.
