### Storage and Disposal

- Do not contaminate water, food, or feed by storage or disposal.
- Pesticide Disposal: Store in a cool, dry place. Always store pesticides according to label instructions, contact your State Pesticide or Extension Service.

**Insecticidal Spray & Backrubber for Cattle & Swine**

For use on cattle and calves only.

- Contact horn flies, lice, ticks, mites, and sarcoptic mange on skin.
- Contains pyrethrin, pyrethrum, coumaphos, and permethrin.

**Caution:** Do not apply this product or allow it to drift to swimming areas or areas that have been treated within the previous 72 hours. Do not allow applications involving this product or control materials to drift or otherwise contact aquatic organisms in streams, rivers, lakes, ponds, marshes, and wetlands. This product is toxic to aquatic organisms. It may be fatal if swallowed. It causes irritant dermatitis on exposed skin.

**Precautionary Statements – Hazards to Humans and Domestic Animals – Warning:** May be fatal to livestock. Consult veterinarian or a mix tank or store rinsate for later use or disposal. Drain for 10 minutes, then recap. Shake for 10 seconds. Pour rinsate into application equipment and rinse from the associated property, parks and recreation areas, nontarget crops, and associated property, parks and recreation areas, nontarget crops, and areas overlying tile drainage systems that are frequently flooded areas, areas overlying extremely shallow groundwater, areas with in-field canals or ditches that drain to surface water or install a vegetated filter strip along the edge of the area. This chemical can contaminate surface water. Groundwater, areas with in-field canals or ditches that drain to surface water may be hazardous to aquatic organisms in groundwater. If these wastes cannot be disposed of by use or application of the product, or by disposal through a sanitary sewer system, the product should be disposed of as a hazardous waste.

**Physical or Chemical Hazards:** Explosive gaseous atmosphere. Protect from temperatures below 0°F. Do not store near heat sources or open flame. Protect from temperatures below 0°F. Do not store near heat sources or open flame. Protect from temperatures below 0°F. Do not store near heat sources or open flame.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not apply from a crop equipment or disposal of equipment washwaters or rinsate. Drift and spray area. Do not apply to point of run-off. Do not allow applications involving this product or control materials to drift or otherwise contact aquatic organisms in streams, rivers, lakes, ponds, marshes, and wetlands. This product is toxic to aquatic organisms. It may be fatal if swallowed. It causes irritant dermatitis on exposed skin.
