NET WT 9 LB (4.08 kg)

mineraluxe™

96 POUCHES
**OXYGEN**

**Directions for Use**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**HOW TO APPLY:**
Always add with pump and filter running to ensure complete mixing and good circulation. Broadcast **Mineraluxe™ Oxygen** uniformly over the surface of the water. Always apply product when spa is not in use.

**PREVENTIVE OXIDATION:**
For residential spas, using chlorine or bromine as the primary sanitizer, **Mineraluxe™ Oxygen** should be added once per week at a dose of 1.5 ounces per 300 gallons of spa water. Heavily used spas may require shock treatment on a daily basis.

Reentry into the treated spa or hot tub can resume after the free chlorine concentration has dropped to 1-3 ppm. Reentry is prohibited above levels of 3 ppm chlorine due to risk of bodily injury.

**FIRST AID:**
**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for further treatment advice. **If On Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for further treatment advice.

**If Swallowed:** Call Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a Poison Control Center or doctor for further treatment advice.

**For 24-hour emergency information on this product, call 1-800-441-3637**
(outside the U.S. 1-302-774-1139). Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

**PRECAUTIONARY STATEMENTS.**
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** Danger. Corrosive. Causes irreversible eye damage. Causes skin irritation. Do not get in eyes, on skin or on clothing. Wear chemical resistant gloves and protective eyewear. Wear chemical resistant gloves and protective eyewear. Keep out of reach of children.

Avoid breathing dust or spray mist. Harmful if swallowed or absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARD:** This product is toxic to fish and aquatic organisms.

**PHYSICAL OR CHEMICAL HAZARDS:** Contains oxidizing agents. Do not mix with other chemicals or any other substance. Do not pre-dissolve or add water to this product. Always apply product directly into the spa. Contamination of this product with moisture or small amounts of water, other chemicals, organic matter or other substances, can lead to product decomposition with generation of heat, liberation of hazardous gases, and potentially fire and explosion. In case of contamination or decomposition, do not reseal container. Isolate container outdoors in open air, and flood with large amounts of water.

This unique formulation provides the benefits of oxygen-based oxidation, while boosting free chlorine concentrations. This one-two punch keeps spa water sparkling clear, by oxidizing and eliminating organic contaminants, and helping ensure sanitizer residuals are maintained. **Mineraluxe™ Oxygen** can be used as a weekly shock treatment and oxidizer. For shock treatment and preventive oxidation, add **Mineraluxe™ Oxygen** to spa water every week to produce sparkling clear water.

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Keep this product dry in its original unopened container until use. Store in a cool, dry, well-ventilated area, away from combustible materials, incompatible chemicals and sources of heat. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate bag in open area if possible and flood area with large amounts of water to dissolve all material before discarding this bag.

**Pesticide Disposal and Container Handling:** Non-refillable container. Do not reuse or refill this container. If empty, Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**Warranty Statement**
Limited Warranty: If not satisfied with this product’s performance when used specifically as directed, contact Backyard Brands, Inc. for a refund of purchase price or product replacement with proof of purchase. THE COMPANY MAKES NO WARRANTY, EXPRESS OR IMPLIED, EXCEPT SUCH AS IS EXPRESSLY SET FORTH HEREIN. The Company’s liability for any breach of warranty shall be limited to the purchase price of the product. The Company shall not be liable for any incidental or consequential damages for any breach of warranty. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from State to State.

**IT'S THE WAY HOT TUB CARE WAS MEANT TO BE.**
- So luxurious. So simple. Drumroll, please!
- Better. And, it's going to make you fall in love with your hot tub all over again.
Mineraluxe™ Oxygen
For residential spas, using chlorine or bromine

- Keep dry, in its original unopened container. Do not contaminate with moisture or small amounts of water.
- Do not mix with other chemicals or any other substance. Do not pre-dissolve or add to water.
- Contains oxidizing agents. Do not experiment.

**ENVIRONMENTAL HAZARD:**
- Corrosive. Causes irreversible eye damage. Causes skin irritation.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**
- If swallowed or absorbed through skin, call a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth.
- If person is breathing irregularly, have the product container or label with you when calling a doctor for further treatment advice.
- For 15-20 minutes. Remove contact lenses, if present after 5 minutes, then rinse eyes with water if able to swallow. Do not induce vomiting unless told to do so by a physician.
- If exposed, bathe or shower. Rinse exposed skin with plenty of water for at least three hours every day whether spa is used or not.

**Limitation of Liability:**
- No representation and is reasonably fit for the purposes stated on the label when used in accordance with precautionary statements and directions.
- For a refund of purchase price or product replacement with proof of purchase.

**Limited Warranty:**
- THE MANUFACTURER DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE MANUFACTURER SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

**How to Apply:**
- For spa and hot tub sanitization:
- 1. This product emits a powerful bromine gas. Do not open container indoors. Keep this product dry, in its original unopened container. Do not use near open flames or other sources of heat.
- 2. For hot tub sanitization:
   - 26% Available Chlorine
   - Provides: 60% Available Bromine
   - 1 tablet for 1,000 gallons (3800 liters) of water. 1 tablet is the equivalent of 2.6 ppm chlorine and 0.6 ppm bromine.
   - Please follow these dosages according to spa water volume:
     - Small spa: 1 tablet every 2-3 days
     - Medium spa: 1 tablet every 3-4 days
     - Large spa: 1 tablet every 4-5 days
   - Active bromine residual of at least 2 ppm. Maintain spa by adding 3 tablets every 7 days in commercial spas.
   - Ensure all spa equipment is working properly. Clean cartridge filter or backwash sand or DE filter following manufacturer's directions.
   - Do not contaminate water, food, or feed by accidental or consequential damages, so the above limitation or exclusion may not apply to you.

**Storage and Disposal:**
- Keep dry, in its original unopened container. Do not contaminate with moisture or small amounts of water.
- Do not mix with other chemicals or any other substance. Do not pre-dissolve or add to water.
- Contains oxidizing agents. Do not experiment.

**Notes:**
- It's the way hot tub care was meant to be. So, you're tired of complicated chemical soup and feeling like you're always going to the spa. Great news, we've got something for you. Mineraluxe™ Oxygen makes it easy to hit the hot tub like a pro. It's the way hot tub care was meant to be. It's time to love with your hot tub all over again. It's the way hot tub care was meant to be. So, you're tired of complicated chemical soup and feeling like you're always going to the spa. Great news, we've got something for you.
