

## Diatomaceous Earth Insecticide

# MATERIAL SAFETY DATA SHEET

Feb 19, 2002

This material is an insecticide and is used to control insect pests in stored grain, grain handling machinery and storage facilities and in domestic applications where insect infestations occur.

### SECTION 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Agriliance, LLC  
P.O. Box 64089  
St. Paul, MN 55164-0089

Emergency Telephone Number 1- 877- 424-7452

PRODUCT NAME - DRYACIDE OTHER NAMES: Diatomaceous earth, amorphous silica  
CHEMICAL FAMILY - MIXTURE  
CHEMICAL FORMULA - MIXTURE  
EPA REGISTRATION NUMBER - 67595-1-1381  
DRYACIDE® is a registered trademark of DRYACIDE USA LLC

### SECTION 2. COMPOSITION/INFORMATION ON INGREDIENTS

INGREDIENT NAME	CAS Number	Conc by Wt.	Exposure Limits
Natural Diatomaceous Earth	61790-53-2	>90% w/w	
Dryacide(respirable dust) (OSHA)			1.5mg/m <sup>3</sup>
Dryacide(total dust) (OSHA)			4.6mg/m <sup>3</sup>
Silica gel	112926-00-8	<10% w/w	10mg/m <sup>3</sup>
Crystalline silica (as contaminant of DE)		<0.1% w/w	
As quartz	14808-60-7	<0.1%	0.10 mg/m <sup>3</sup> (respirable)
As Cristobalite	14464-46-1	not detectable	0.05 mg/m <sup>3</sup> (respirable)

*The diatomaceous earth in this product is predominately of an amorphous structure.*

### SECTION 3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW: Off-white to beige colored powder that is not toxic to humans. When used according to directions, there is no toxicity hazard involved in the use of DRYACIDE. The material is practically harmless when swallowed. Prolonged exposure to the dust may cause mild eye and skin irritations in some susceptible people. Note: Prolonged and continuous exposure to excessive concentrations of dust of any kind may have an adverse pulmonary effect on some people.

Primary Route of Entry - Inhalation

EYES - May cause mild irritation

DRYACIDE is exempt from the following Hazardous Chemicals lists: UN Number - none assigned, Hazchem Code - exempt, Codex International - exempt, Poisons Schedule - no listing.

#### **SECTION 4. FIRST AID MEASURES**

EYES - Flush with Plenty of water. Contact a physician if irritation persists.

SKIN - Remove contaminated clothing and wash affected areas with soap and water.

INGESTION - Drink one or two glasses of water and contact a physician if breathing difficulty persists.

INHALATION - Move person to fresh air.

Pre-existing upper respiratory and lung disease such as, but not limited to Bronchitis, Emphysema and Asthma

#### **SECTION 5 FIRE FIGHTING MEASURES**

This material is a non-flammable solid and presents no explosion hazard.

#### **SECTION 6. ACCIDENTAL RELEASE MEASURES**

Spilled or leaked material should be removed with a vacuum or swept into a container for reclamation or disposal. Wash residues away with water.

#### **SECTION 7. HANDLING and STORAGE**

Storage considerations - Store in original sealed or resealed bags in a dry place. Keep dry.

Handling precautions - minimize inhalation. Use a dust mask and goggles when prolonged storage to the dust is unavoidable.

#### **SECTION 8. EXPOSURE CONTROLS and PERSONAL PROTECTION**

EYE / FACE Protection - Safety Glasses

SKIN Protection - None. If dry skin is annoying, wear impervious gloves.

RESPIRATORY Protection - Use a dust mask.

#### **SECTION 9. PHYSICAL and CHEMICAL PROPERTIES**

APPEARANCE - White to Beige colored powder      SPECIFIC GRAVITY 2.3

ODOR - None

PHYSICAL STATE - SOLID

PACKAGING DENSITY 15-18 lbs per cubic ft.

SOLUBILITY (in Water) - Insoluble

PARTICLE SIZE 7- 20 microns

#### **SECTION 10. STABILITY and REACTIVITY**

STABILITY - STABLE

HAZARDOUS POLYMERIZATION - will not occur

#### **SECTION 11. TOXICOLOGICAL INFORMATION**

EYE EFFECTS - mild to non-irritating

SKIN EFFECTS - Non-irritating; negligible absorption

#### **SECTION 12. ECOLOGICAL INFORMATION**

This is a natural material and should not be considered polluting to streams, lakes or general ground areas.

#### **SECTION 13. DISPOSAL CONSIDERATIONS**

Spilled or leaked material - vacuum or sweep into an approved waste container. Dispose of packaging bags in an approved waste disposal container or facility. Discharge excess slurry onto absorbent ground or soil.

#### **SECTION 14. TRANSPORT INFORMATION**

Not DOT regulated.

Shipped in poly lined double or triple kraft paper bags weighing 25 pounds or 15 kilos.

**SECTION 15. REGULATORY INFORMATION**

Hazardous Substance - No

**SECTION 16. OTHER INFORMATION**

The EPA has listed diatomaceous earth on a deregulate process but has not given an indication when the material will be deregulated.
