# ARMADILLO REPELLENT

BY MESSINA WILDLIFE

SAFE FOR FRUITS  
AND VEGETABLES  
FOR USE BY  
ORGANIC GROWERS

**READY TO USE**

#### DIRECTIONS

- 1) Shake container well before using.
- 2) To pressurize bottle, pump top until you feel resistance. (Approx. 10 times)
- 3) Press down on thumb trigger to release product.
- 4) Adjust stream by turning brass nozzle.
- 5) Apply a fine mist to the plants that need protection, making sure all parts are covered. Saturate ground and holes to prevent animal reentry into garden areas.
- 6) Allow 20 minutes for this product to dry before watering of any kind, including natural rainfall.
- 7) This product can be applied in any climate or temperature as long as spray head and liquid are not frozen.
- 8) Repeat application as needed, usually every 30 days.
- 9) Release bottle pressure before storing by loosening top.

Messina Wildlife's all-natural armadillo repellent is a highly effective formula for preventing armadillo, groundhog, raccoon, skunk and woodchuck damage on all shrubs, flowers, edible crops, forest and fruit trees. This product works by smell and taste. This product has not been registered by the United States Environmental Protection Agency. Messina Wildlife Management represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

Results will vary slightly depending on animal populations and weather conditions.
