**NON-ACID BATHROOM CLEANER**

**"VIRUCIDAL" READY TO USE GERMICIDE CLEANER - DISINFECTANT - DEODORANT**

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**ACTIVE INGREDIENTS:**
- n-Alkyl (C 50%, C 30%, C 17%, C 3%) dimethyl benzyl ammonium chloride ................................ 0.09%
- n-Alkyl (C 50%, C 30%, C 17%, C 3%) dimethylethyl benzyl ammonium chloride 0.09%
- Other ingredients: ....................................... 99.82%

**OTHER INGREDIENTS:**

Total.................................................. 100.00%

Not only helps control the hazards of cross-contamination on treated hard, nonporous, environmental surfaces, but also kills many microorganisms that cause odors. It is recommended for disinfecting hard, nonporous surfaces. It is formulated for use in the schools, colleges and office buildings, i.e., areas with high levels of traffic and hygiene, offices, running noses, and airports, and federally inspected meat and poultry plants.

**KITCHEN**

Kitchen floors and the potential for both dirty traffic and kitchen germs. Use anywhere greasy dirt is a problem.

**BATHROOM**

Great for cleaning and deodorizing basins, tubs, and glazed tile.

This product contains all the active ingredients it claims to be: everything bright and clean with a long-lasting, fresh almond scent. Odors disappear instantly. Where utensils are a problem.

It is not to be used as a toilet bowl cleaner.

**PRECAUTIONARY STATEMENTS**

Hazardous to humans and domestic animals.

**PRODUCT NO. 291**

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) SURFACES/OBJECTS SOILED WITH BLOOD/ BODY FLUIDS.

**FIRST AID**

**IF ON SKIN OR CLOTHING:**

Wash skin with soap and water. Remove clothing and wash affected area with soap and water. If skin becomes irritated, use a non-acidic, moisturizing cream or lotion.

**IF IN EYES:**

Wash out with large amounts of water. If irritation persists or if soreness is severe, contact a physician immediately.

**IF INHALED:**

Remove person from the area of exposure. If irritation or respiratory difficulties occur, seek medical attention.

**IF SWALLOWED:**

Do not induce vomiting. Do not give anything by mouth to an unconscious person. Seek medical attention immediately.

**NOTICE TO USER**

By using this product, you agree to all the terms and conditions of the product label. This product is intended for use only by the person designated by the manufacturer as the authorized user. The user must have read this product label and agrees to comply with all its terms and conditions.

**HEALTH HAZARDS**

**KILLS HIV-1 (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS IN healthcare settings or other settings in which there is an expected high likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/object is likely to be soiled by blood or body fluids that can be associated with the potential for transmission of Human Immunodeficiency Virus.**

**Virucidal**

Kills Staphylococcus aureus and Enterobacter aerogenes in the presence of 5% serum. Apply by mop, sponge, cloth, or spray to thoroughly wet surfaces for a minimum contact time of 5 minutes. Wipe dry with a clean cloth, or sponge or allow to air dry. Rinse is not necessary for floor surfaces that are to be waxed or polished. For mild and moderate control, repeat application every time growth reappears. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water to remove. This product should not be used to clean utensils, glassware and dishes.

This product is not to be used as a toilet bowl cleaner.
