MATERIAL SAFETY DATA SHEET
This MSDS complies with OSHA'S Hazard Communication Standard 29 CFR 1910.1200 and OSHA Form 174

IDENTITY AND MANUFACTURER'S INFORMATION

DOT Hazard Classification:
- For ground transport: Combustible (CFR173.150F)
  (in bulk container less than 110 gallons capacity)
- For ocean vessel or air transport: Flammable Liquid, 3

Identity (trade name as used on label):
MISTY WEED-A-CIDE CF

Date Prepared: 02/07/03                Prepared By: RC/IB
EMERGENCY RESPONSE NUMBER: 1(800)255-3924

EMERGENCY RESPONSE NUMBER: 1(800)255-3924
NOTICE: JUDGEMENT BASED ON INDIRECT TEST DATA

SECTION 2 - PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Point: Initial 405°F
Specific Gravity (H2O=1): 0.88
Vapor Pressure: PSIG @ 70°F (Aerosols): N/A
Vapor Pressure (Non-Aerosols)(mm Hg and Temperature): 3mm Hg @68°F
Vapor Density (Air = 1): <1
Evaporation Rate (water = 1): <1
Solubility In Water: Dispersible
Water Reactive: No
Appearance and Odor: Light reddish-brown, non-viscous liquid with aromatic solvent odor.

SECTION 3 - FIRE AND EXPLOSION HAZARD DATA

FLAMMABILITY as per USA FLAME PROJECTION TEST (aerosols): N/A
Auto Ignition Temperature: N/A
Flammability Limits in Air by % in Volume: % LEL: 1.0 % UEL: 6.0

FLASH POINT AND METHOD USED (non-aerosols): 141°F TCC Typical

EXTINGUISHER MEDIA: Carbon dioxide, sand, dry chemical, water fog.

Unusual Fire & Explosion Hazards: Thermal decomposition can liberate toxic fumes.

SECTION 4 - REACTIVITY HAZARD DATA

STABILITY [  ] STABLE [  ] UNSTABLE
HAZARDOUS POLYMERIZATION  [  ] WILL [  ] WILL NOT OCCUR

Incompatibility: Strong oxidizing agents.

Hazardous Decomposition Products: Oxides of carbon & nitrogen, unidentified organics.

SECTION 5 - HEALTH HAZARD DATA

PRIMARY ROUTES OF ENTRY: [  ] INHALATION     [  ] INGESTION    [  ] SKIN ABSORPTION  [ X ] EYE   [  ] NOT HAZARDOUS

ACUTE EFFECTS:
- CNS symptoms: Giddiness, headache, blurred vision, dizziness, nausea, unconsciousness.
- Inhalation: High vapor or spray mist concentrations may produce nose, throat & respiratory irritation & may cause CNS depression (see symptoms above).
- Eye Contact: Liquid is irritating. High vapor concentrations may be irritating.
- Skin Contact: Prolonged or repeated contact can result in defatting of skin, irritation and dermatitis.
- Ingestion: Abdominal pain, nausea, vomiting, gastritis, weakness, headache or diarrhea can occur. Aspiration of vomitus may result in pneumonitis.
- Chronic Effects: Product contains less than 2%glycol ether which upon repeated and prolonged exposure can cause kidney injury and red blood cell damage.
- Medical Conditions Generally Aggravated by Exposure: Pre-existing eye, skin and respiratory disorders.

EMERGENCY FIRST AID PROCEDURES

Eye Contact: Flush with water for 15 minutes. While holding lids open. Get medical attention.
Skin Contact: Remove contaminated clothing. Wash with soap and water. If irritation persists, get medical attention.
Inhalation: Remove to fresh air. If not breathing, provide artificial respiration. If CNS symptoms occur, get medical attention.
Ingestion: DO NOT INDUCE VOMITING. Drink 3 to 4 glasses of water. Never give anything by mouth to an unconscious person. Get immediate medical atten.

SECTION 6 - CONTROL AND PROTECTIVE MEASURES

Respiratory Protection (specify type): Respirator not required with adequate ventilation. When exposed to mists, use a respirator approved by NIOSH for organic vapors with a pesticide pre-filter.
Protective Gloves: Chemical resistant.
Eye Protection: Safety glasses or goggles. If excess splashing occurs, face shield recommended.
Ventilation Requirements: Normal room ventilation is adequate for normal handling & storage. For large spills, use explosion-proof ventilation for vapor control.
Other Protective Clothing & Equipment: Eyewash stations & safety showers. Chemical resistant clothing as needed to minimize contact.
Hygienic Work Practices: Do not eat, drink or smoke in work area. Wash hands after handling. Launder contaminated clothing before reuse.

SECTION 7 - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps To Be Taken If Material Is Spilled Or Released: Contain spill. Do not contaminate sewers, ground waters or surface waters. Soak up in inert absorbent material & place into properly labeled & sealed non-leaking containers for disposal in authorized manner as hazardous waste.

Waste Disposal Methods: Dispose of in accordance with all local, state and federal regulations.

Other Precautions &/or Special Hazards: KEEP OUT OF REACH OF CHILDREN. Read & follow label directions. Do not cut or weld on full, part full or empty drums because explosive mixtures of air & vapor may be present.

We believe the statements, technical information and recommendations contained herein are reliable, but they are given without warranty or guarantee of any kind.
