**DEVELOPED IN NEW ZEALAND MADE IN THE USA UNDER LICENSE**

Visit [www.wetandforget.com](http://www.wetandforget.com)

**HOW IT WORKS:**

Mix one part Wet & Forget® to five parts water.

**TO REMOVE MOSS, MOLD, ALGAE, AND MILDEW STAINS:**

Just thoroughly wet the surface is then forgotten about. The elements (wind and rain etc.) will slowly wash off the stain.

**EXTERNAL SURFACES ON WHICH YOU CAN USE**

- Painted surfaces, siding (vinyl, aluminum)
- Textured finishes
- Play equipment (slides, plastic gyms)
- Wood decks

**Wet & Forget®**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STAIN REMOVER**

In case of transport or medical emergency, call 911. In case of contact with eyes, rinse immediately for 15 minutes. Soap and water will remove stains from skin and clothing. If ingested,吐 give small amount of water. Keep conscious patient in a supine position. If not breathing, perform CPR. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth. Call a poison control center or doctor immediately for treatment advice.

**PETS:**

Keep animals off treated surfaces until the surface requires no further washing, scrubbing, or rinsing. A second application 1-2 months after the first may also assist when treating persistent stains.

**FIRST AID:**

**FOR ALL APPLICATIONS:**

- Wash hands before drinking, eating, chewing gum, using tobacco or using the toilet.
- Wash thoroughly and wash PPE separately from other laundry.
- Follow manufacturer’s instructions for cleaning / maintaining PPE.

**STORAGE AND DISPOSAL:**

- Do not store near fuel, food or water. Store in a cool, dry place.

Wet & Forget® moss mold mildew & algae STAIN REMOVER

WHAT IT IS: Wet & Forget® moss mold mildew & algae STAIN REMOVER is a formulation designed to control moss, mold, mildew, and algae growth on a broad variety of exterior surfaces. It is a long-lasting, no-rinse solution that can be applied to insecticidal soaps to control and prevent these organisms from growing on surfaces.

HOW IT WORKS: Wet & Forget® moss mold mildew & algae STAIN REMOVER contains a surfactant that allows the product to penetrate surfaces and react with moss, mold, mildew, and algae from the root up. This reaction causes the organisms to disintegrate and fall away from the surface, leaving the surface clean and protected.

DIRECTIONS FOR USE:

TO REMOVE MOSS, MOLD, ALGAE, AND MILDEW STAINS:

1. Apply Wet & Forget® moss mold mildew & algae STAIN REMOVER as directed below.
2. Reaction Time: 1 week to 30 days depending on climate.
3. Repeat application once a year or when new stains appear.
4. Keep animals off treated surfaces until product has dried. If contamination occurs, rinse animal's paws with fresh water.

WHAT IT DOES:

Wet & Forget® moss mold mildew & algae STAIN REMOVER is effective on a variety of surfaces including:

- DECKS, PORCHES, AND PATIOS
- CONCRETE, CONCRETE BLOCK, AND MASONRY
- STONE, BRICK, AND CEMENT
- METAL
- PAPER, METAL, AND PLASTIC GYMS
- NATURAL STONE, TOMBSTONES
- ROOFS (ASPHALT AND FIBERGLASS SHINGLES, COLOR STEEL, CLAY AND CONCRETE TILES)
- TENNIS COURTS, CERAMIC POTS
- ASPHALT DRIVEWAYS
- PLASTIC GYMS
- CONCRETE, POOL SURROUNDINGS
- PATIO FURNITURE (EXCEPT CUSHIONS AND WOOD)

HOW IT WORKS:

Wet & Forget® moss mold mildew & algae STAIN REMOVER reacts with moss, mold, mildew, and algae from the root up, causing them to disintegrate and fall away from the surface. This reaction leaves the surface clean and protected.

WHAT IT IS GOOD FOR:

Wet & Forget® moss mold mildew & algae STAIN REMOVER is good for:

- CLEANING EXTERIOR SURFACES
- STAIN REMOVER
- CLEANING EXTERIOR SURFACES *
- EPA EST. NO. 58880-GA-1
- EPA REG. NO. 84115-1-85342

MAINTENANCE:

Wet & Forget® moss mold mildew & algae STAIN REMOVER can be used as a regular maintenance product to prevent moss, mold, mildew, and algae growth. It is recommended to apply the product as directed and to follow up with maintenance treatments as needed.

DIRECTIONS FOR USE:

How it works: Wet & Forget® moss mold mildew & algae STAIN REMOVER contains a surfactant that allows the product to penetrate surfaces and react with moss, mold, mildew, and algae from the root up. This reaction causes the organisms to disintegrate and fall away from the surface, leaving the surface clean and protected.

Reaction Time: 1 week to 30 days depending on climate.

Repeat application once a year or when new stains appear.

Keep animals off treated surfaces until product has dried. If contamination occurs, rinse animal's paws with fresh water.

For guidance contact your State Water Board or Regional Office of the EPA.

FOR ALL APPLICATIONS:

- Use only in well-ventilated areas.
- Keep out of reach of children.
- Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, rivers, or sewers.
- Do not apply in rain or immediately after rain.
- Do not apply to mosquito netting, tents, or tarps.
- Do not apply to moss, mold, mildew, or algae that have been treated with a mosquito repellent.
