# Ultra-Fresh DM-25

## Bacteriostatic and Fungistatic Preservative

### Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Ultra-Fresh DM-25** is used as a bacteriostatic and fungistatic preservative finish for textiles in the presence of moisture. Also, to protect paints, latex, gelatin, and starch-based adhesives in the can and in those products to which such emulsions and adhesives are applied from bacterial and fungal degradation. As well, **Ultra-Fresh DM-25** can protect adhesive films against fungal growth. **Ultra-Fresh DM-25** may not be used in food grade adhesives.

**Ultra-Fresh DM-25** is to be used as directed in the accompanying Technical Data Sheet.

### Environmental Hazards

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### Active Ingredient

**Ochthilinone, 2-n-octyl-4-isothiazolin-3-one** .................... 25%

**Inert Ingredients** ...................................................... 75%

**Total** ................................................................................. 100%

### Keep Out of Reach of Children

**Danger**

**Precautionary Statements:**
Hazard to humans and domestic animals. Corrosive. Causes irreversible eye damage. Causes skin burns. Harmful if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear protective clothing, gloves and eyewear (chemical resistant gloves and footwear, goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse. Avoid breathing vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Keep container closed. Use adequate ventilation. Do not take internally.

### First Aid

**If in Eyes**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call poison control center or doctor for treatment advice.

**If on Skin or Clothing**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**If Swallowed**

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**If Inhaled**

- Move person to fresh air
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible

**Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call your local poison control center.

### Storage and Disposal

**Prohibitions:** This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment.

**Pesticide Disposal:** Pesticides are acutely hazardous. Improper disposal of excess pesticide or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:**

- **Metal Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in sanitary landfill, or by other approved state and local procedures.
- **Plastic Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose in sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**General:** Consult Federal, State, or local disposal authorities for approved alternative procedures.
